

Baron Winds Project

Case No. 15-F-0122

1001.16 Exhibit 16

Pollution Control Facilities

EXHIBIT 16 POLLUTION CONTROL FACILITIES

The proposed Facility will not require pollution control facilities. As a result, the requirements of this Exhibit are not applicable and are not included in this Application. See Exhibit 17 for information on temporary air emissions during construction and Exhibit 23 for information on the Facility's State Pollution Discharge Elimination System (SPDES) General Permit for stormwater discharges during construction.
